We refer to the abovementioned and wish to provide the following information.

On behalf of the full membership of the Illawarra Network Group we would like to thank you for extending your hospitality and your excellent venue to our members this morning.

You and your team made us feel very welcome.

The food and the conference centre was presented immaculately.

We will certainly keep your centre in mind for any future business activities.

Thank you again and we look forward to working with you again soon.

Yours faithfully,
